VINTAGE 2021

The year 2021 in the Algarve region was particularly dry, however, as it was not very hot, the water stress of the vines was easily managed by light rains throughout the year. Despite the climatic differences, the vineyard behaved well, and the harvest started in August, as planned, with the Moscatel-Galego-Roxo variety, followed by the white grapes and then the red grapes in September. Another year in which the quality of the whites and rosés exceeds the prognosis, producing very fruity and fresh wines due to the freshness of the year and the excellent decision on the harvest date.

VINIFICATION

A careful selection of grapes in their optimal state of maturation that are softly pressed and then ferment at low temperatures in stainless steel vats so that they preserve all the primary aromas and freshness of the fruit. The wine aged for 4 months in French-oak barrels for better integration of tannins and aromas.

TASTING NOTES

A red wine that brings to mind the typical Mediterranean vegetation of the Algarve, with herbal notes of rock rose involved in black fruit. Along with its great aromatic presence, also stand out the young tannins, and a good acidity - that this balanced climate of the Algarve allows him to keep. All these components are united by a soft texture in the mouth, making this wine an engaging and fresh journey through the Algarve hillsides.
